Every Horatio's Garden product is beautifully bespoke, of exceptional quality and environmentally conscious. We collaborate with an array of master craftpeople, including Emma Bridgewater and Bill Amberger, to ensure those who shop with us have an outstanding collection of exclusive items to choose from.

Most importantly, all profit from the sale of our goods goes directly to supporting the charity, helping Horatio's Garden to create and nurture stunning, accessible sanctuaries in NHS spinal injury centres across the UK for everyone affected by spinal injury.
